WHAT TO DO

If your child is missing from home, search through:
» closets
» piles of laundry
» in and under beds
» inside large appliances
» vehicles—including trunks
» and anywhere else that a child may crawl or hide

Immediately call your local law-enforcement agency and provide them with your up-to-date Child ID Kit.

After you have reported your child missing to law enforcement, call the National Center for Missing & Exploited Children® at 1-800-THE-LOST® (1-800-843-5678).

If your computer is equipped with a microphone and speakers, you may talk to one of our Hotline operators via www.missingkids.com online.

When recovering a missing child, the most important tools for law enforcement are an up-to-date, quality photograph and descriptive information. Complete this Child ID Kit by attaching a recent photograph of your child and listing all identifying and medical information. Update the photograph and information every 6 months, and keep the Kit in a secure, accessible location.

FINGERPRINTS

Fingerprints are critical to a complete child identification record and should be taken by trained individuals, such as law-enforcement personnel.

Remember to use a high-resolution, head-and-shoulders photo of your child, and update it every 6 months.
